

User

Check	Description	Length
<input type="checkbox"/>	Add events	<div><div></div></div>
<input type="checkbox"/>	- via Standard UI	<div><div></div></div>
<input type="checkbox"/>	- Distribution levels and publication	<div><div></div></div>
<input type="checkbox"/>	- Different timestamps & publish_timestamp	<div><div></div></div>
<input type="checkbox"/>	Add attributes	<div><div></div></div>
<input type="checkbox"/>	- Freetext	<div><div></div></div>
<input type="checkbox"/>	- Standard UI	<div><div></div></div>
<input type="checkbox"/>	- Template	<div><div></div></div>
<input type="checkbox"/>	- ReST API	<div><div></div></div>
<input type="checkbox"/>	- via EventGraph	<div><div></div></div>
<input type="checkbox"/>	Object	<div><div></div></div>
<input type="checkbox"/>	- add Object	<div><div></div></div>
<input type="checkbox"/>	- add References	<div><div></div></div>
<input type="checkbox"/>	- show via EventGraph	<div><div></div></div>
<input type="checkbox"/>	*-lists	<div><div></div></div>
<input type="checkbox"/>	- Warninglists: show warnings raised in steps above	<div><div></div></div>
<input type="checkbox"/>	- Noticelists: show warnings when adding data	<div><div></div></div>
<input type="checkbox"/>	- Import Regexp: avoid leaking private/personal data	<div><div></div></div>
<input type="checkbox"/>	Correlations	<div><div></div></div>
<input type="checkbox"/>	- show correlations that were added	<div><div></div></div>
<input type="checkbox"/>	- pivot to events via correlations	<div><div></div></div>
<input type="checkbox"/>	- show correlations graph	<div><div></div></div>
<input type="checkbox"/>	- feeds & servers correlation	<div><div></div></div>
<input type="checkbox"/>	Tags and Galaxies	<div><div></div></div>
<input type="checkbox"/>	- Tag from Taxonomy	<div><div></div></div>
<input type="checkbox"/>	- GalaxyCluster	<div><div></div></div>
<input type="checkbox"/>	- ATT&CK pattern & Galaxy matrix	<div><div></div></div>
<input type="checkbox"/>	- Tag Collection	<div><div></div></div>
<input type="checkbox"/>	Sighting	<div><div></div></div>
<input type="checkbox"/>	- via UI & API	<div><div></div></div>
<input type="checkbox"/>	Delegation	<div><div></div></div>
<input type="checkbox"/>	Proposal	<div><div></div></div>
<input type="checkbox"/>	Delete (including soft versus hard delete)	<div><div></div></div>
<input type="checkbox"/>	- Event blacklist when deleting	<div><div></div></div>
<input type="checkbox"/>	Extending event (how and when to use it)	<div><div></div></div>
<input type="checkbox"/>	Exporting data	<div><div></div></div>
<input type="checkbox"/>	- download from	<div><div></div></div>
<input type="checkbox"/>	- download from via modules	<div><div></div></div>
<input type="checkbox"/>	- .json routing	<div><div></div></div>
<input type="checkbox"/>	- RestSearch	<div><div></div></div>
<input type="checkbox"/>	Searching for data	<div><div></div></div>
<input type="checkbox"/>	- Attribute search	<div><div></div></div>
<input type="checkbox"/>	- Event index filter search	<div><div></div></div>
<input type="checkbox"/>	Advanced features	<div><div></div></div>
<input type="checkbox"/>	- Event graph, Event timeline, Event report	<div><div></div></div>
<input type="checkbox"/>	- Decaying of IoC	<div><div></div></div>
<input type="checkbox"/>	- Galaxy 2.0	<div><div></div></div>
<input type="checkbox"/>	Enrichments	<div><div></div></div>
<input type="checkbox"/>	- Hover & persistent	<div><div></div></div>

Administrator (Community)

Check	Description	Length
<input type="checkbox"/>	Organisations	 10m
<input type="checkbox"/>	- local and remote	
<input type="checkbox"/>	- administration: Creation and merge	
<input type="checkbox"/>	User	 5m
<input type="checkbox"/>	- administration and contact via standard UI	
<input type="checkbox"/>	- Password/Auth key reset	
<input type="checkbox"/>	- Disabling (never remove)	
<input type="checkbox"/>	Roles and permissions	 3m
<input type="checkbox"/>	- Constraints & special sync-user	
<input type="checkbox"/>	Sharing group	 10m
<input type="checkbox"/>	- administration via standard UI	
<input type="checkbox"/>	Block listing	 3m
<input type="checkbox"/>	- Events & Organisations	
<input type="checkbox"/>	Synchronisation	 35m
<input type="checkbox"/>	- MISP to MISP (sync_user, test & preview, flow control)	
<input type="checkbox"/>	- Feeds to MISP (Options, overlap)	
<input type="checkbox"/>	- Pub-Sub	
<input type="checkbox"/>	Collaboration settings	
<input type="checkbox"/>	- 'proposal_block_attributes', 'sanitise_attribute_on_delete', 'Sightings_anonymise'	
<input type="checkbox"/>	Templates	
<input type="checkbox"/>	- administration via standard UI	

Administrator (Instance)

Check	Description	Length
<input type="checkbox"/>	Advanced Auth keys	 3m
<input type="checkbox"/>	- Migration from old system	
<input type="checkbox"/>	- Usage	
<input type="checkbox"/>	Server settings	 5m
<input type="checkbox"/>	Maintenance	 15m
<input type="checkbox"/>	- Updating & release process	
<input type="checkbox"/>	- Submodules and populate DB	
<input type="checkbox"/>	- Diagnostic	
<input type="checkbox"/>	Jobs and Workers	 10m
<input type="checkbox"/>	- Administration via standard UI	
<input type="checkbox"/>	- Scheduled Tasks and CRON jobs	
<input type="checkbox"/>	User settings & User management	 5m
<input type="checkbox"/>	- User settings	
<input type="checkbox"/>	- User monitoring, self-management, auto-registration
